A former Associate Lecturer at Manchester Met University, Marie has taught creative writing from foundation through to MFA level and has extensive experience of creative schools outreach delivery. Her #BeMoreBMX school and festival events have inspired thousands of children to smash stereotypes and defy expectations.

Are You Ready To Be More BMX?

Marie offers fun interactive author talks and creative writing workshops designed to build resilience and confidence. A brief taster is provided below but for full details please visit mariebasting.com/school-visits-and-speaking/

#BEMORE BMX ASSEMBLY

With themes of resilience, smashing stereotypes and developing a positive attitude, Marie's assembly presentation will leave children rearing to defy the limits others place on them and #BeMoreBMX. A fun interactive event that includes insights into Marie's writing journey, awe inspiring BMX video clips and lots of laughs!

PRINCESS BMX CHARACTER MASH

With reference to Princess BMX, and using a Top Trumps style format, children will create their own unique characters. After illustrating their character, they'll highlight their unique traits and qualities and give them a problem – the key driver for any character led story – before sending them off on their own adventure. Can be adapted to also cover story arc and plot development.

THROUGH THE PORTAL

With an emphasis on descriptive writing, children will be invited to travel through the portal and create their own fantasy story. Through fun exercises, Marie will equip them with the tools to ensure their stories have all the ingredients of a classic portal adventure. Includes additional plotting and editing resources.

BOOKING and FEES

Marie's visits are competitively priced at £400 for a full day visit, £250 half day or £175 for a one hour session – plus travel and accommodation expenses where applicable. Events listed here are ideally suited to KS2 but Marie offers events KS1 to adult. Marie frequently offers discounts to local schools.
